

HAPPY
New Year

2026

Wishing you a New Year filled with new hope, new joy, and new beginnings. Cheers to a year of happiness and success!

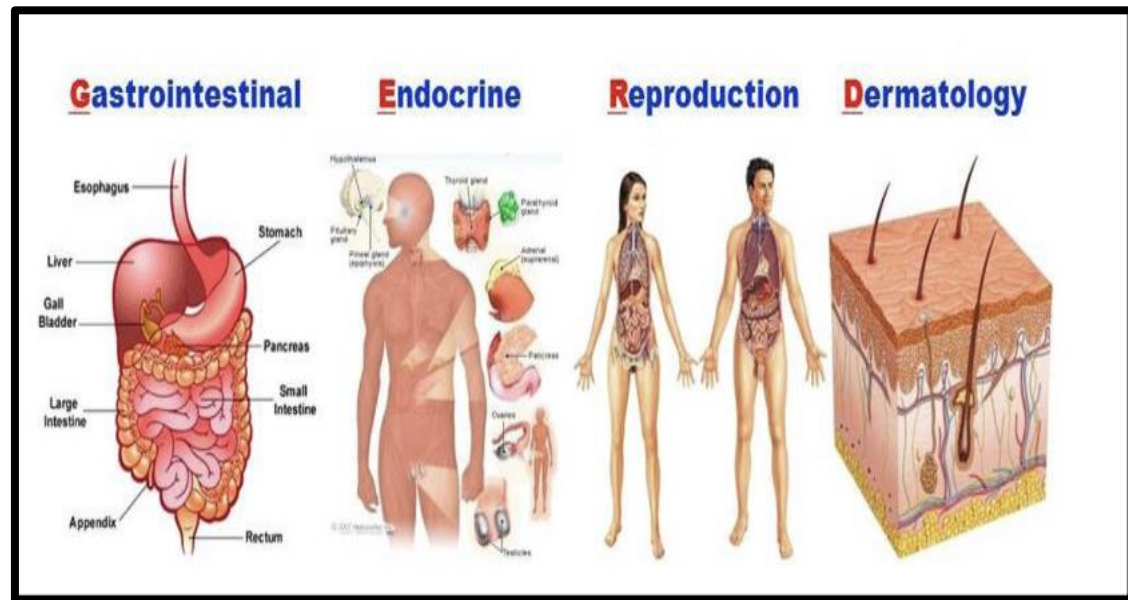

**A New Year means
a new chapter.**

**We hope 2026 is
an incredible part
of your story.....**

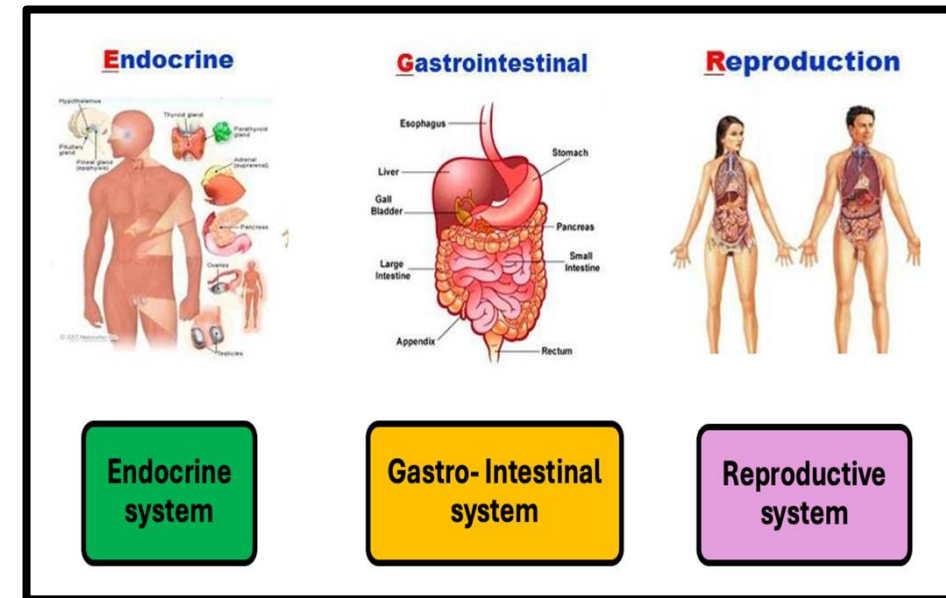

A five-year mission realized!

Advocating for student-centered change since 2021, made possible by the unwavering support of the Class of 2027.

IS-EGR COORDINATORS

Overall Course Coordinator
Chitra Pai, MD, D(ABMM)
Professor, Department of
Foundational Biomedical
Sciences
cpai@touro.edu

Endocrine Module Coordinator
Jay Shubrook, DO
Professor
Department of Clinical Sciences and
Community Health
jshubrook@touro.edu

Grade Book Coordinator
David Eliot, PhD
Associate Professor,
Department of Foundational
Biomedical Sciences
deliot@touro.edu

Medical Education Specialist: Ms. Juliana Valencia
Executive assistants:
Ms. Rachel Dimery and Ms. Jennifer Lumaye

Competency-Based Course Design

Medical Knowledge (MK)

Threads:

- Histology
- Biochemistry

Major MK threads:

- **Physiology**
- **Pharmacology**
- **Microbiology**
- **Pathology**

Patient Care (PC)

- Data gathering.
- Clinical diagnosis.
- Management-treatment, prevention, education etc.

Professionalism (Prof)

- Honesty and Integrity.
 - Responsibility, Reliability, Accountability.
 - Respect for others.
-

- Ted Wong
- Barb Puder
- Jay Shubrook
- Shona Mookerjee
- Eiman Mahmoud
- Quynh-Uyen Smith

ENDOCRINE-1 Module

Endocrinal organs- Histology, Physiology, Pharmacology, Pathology and Patient Care

Hypothalamic-Pituitary Neuroendocrine Disorders

Thyroid & Parathyroid Disorders

Adrenal Disorders

Endocrine Neoplasms

- Barbara Puder
- Ted Wong
- Shin Murakami
- Chitra Pai
- Evan Hermel
- Sean Grammy
- Shona Mookerjee

GASTROINTESTINAL-1 Module

GI Histology

GI Physiology

GI Biochemistry

GI Microbiology: Different infections-gastritis, food poisoning, diarrheas, dysenteries:
Bacterial, parasitic, viral and fungal pathogens

GI Pharmacology: anti-parasitic agents

GI Imaging

- Ted Wong
- Jay Shubbrook
- Liisa Russell
- Quynh-Uyen Smith
- Sumera Ahmed
- Clipper Young
- Shipra Bansal
- Melissa Belec
- Lorena Dongmo Fotsing
- Yasmin Bains

ENDOCRINE-2 Module(Diabetes)

DM Pathophysiology

Lifestyle Approaches

Types, Complications

Public Health Approach

DM Clinical Pharmacology

DM across the Lifespan

Clinical Cases and Patient Panel Discussions

The DM week announcements, course material etc. will be available in the DREAM TEAM course. A few sessions are mandatory events.

Inter-Professional Event

Diabetes-IPE events-01/30 to 02/11/26

– Almost the entire campus: COM, COP, PAProgram, Nursing School

- Georgia Allen
- Ramon Berguer
- Eiman Mahmoud
- Sumera Ahmed
- Shona Mookerjee
- Evan Hermel
- Greg Gayer
- Grace Jones

GASTROINTESTINAL-2 Module	
Oral Disease/Esophagitis/GERD/Ulcer/Gastritis	
Upper & Lower GI Bleeding(posted on 1/27, Tuesday)	
Surgical Abdomen- abdominal pain(appendicitis, gall bladder disease, small intestinal obstruction)	
Inflammatory Bowel Disease, Diarrhea and Irritable Bowel Syndrome, Crohn’s Disease	
GI Pharmacology	
Hepatic diseases (Hepatitis/Cirrhosis/Varices), Biliary Diseases and Acute & Chronic Pancreatitis	
Culinary medicine, Obesity module.	
GI Cancers	
Pediatric GI Disorders	

- Barb Puder
- Ted Wong
- Shona Mookerjee
- Chitra Pai
- Evan Hermel

- Eiman Mahmoud
- Liisa Russell
- Melissa Belec
- John Kowalczyk
- Garima Loharuka
- Lysistrati Alimonos
- Audrey Bialos
- Jeff Zwerin
- Tina Mason
- Grace Jones

REPRODUCTION-1 Module

Reproductive Histology and Physiology

Reproductive gonadal Pharmacology

Sexually Transmitted Infections/Vaginitis/Vaginosis- Microbiology and Patient care

Contraceptives and abortions- Patient Care

REPRODUCTION-2 Module

Female (Uterine/Cervical/Breast) and Male (Testicular/Prostate) Pathology

Male Reproductive Disorders

Abnormal Uterine Bleeding and Pelvic Pain

Male and Female Infertility

Menopause

SAB & Ectopic Pregnancy

Antepartum Care, Abnormal Labor & Delivery

Diabetes Mellitus & Hypertension Disorders of Pregnancy,

Sexual Disorders

COURSE DELIVERY TEACHING- LEARNING METHODS

COURSE DELIVERY

TEACHING-LEARNING METHODS

Large group sessions

Lectures-hybrid format

In class + Zoom

(recordings will be made available)

Directed study sessions-prerecorded lecture videos. May be associated with quizzes/ assignments.

Small group sessions

Team Based Learning(TBLs) sessions- Endo, GI and Repro systems

CPCs-Pathology

Labs-Path labs

Culinary Medicine Lab

Clinical Case Discussions

ASSIGNMENTS

Nature of assignments:

- ✓ Canvas quizzes.
- ✓ Assignment quizzes- Obesity, Culinary Medicine-1,2,3
- ✓ Labs-
 - Thyroid and Parathyroid lab
 - Breast Path lab
 - Culinary Medicine lab.
- ✓ Path-CPC events-4
- ✓ TBLs-
 - Endocrine disorders TBL
 - GI Infections TBL
 - Applied Repro Micro TBL
 - Repro disorders TBL
- ✓ TrueLearn(ComBank) Assignments
- ✓ Interprofessional learning events: Participation in Diabetes week events.
Clinical Cases, Patient Panel Discussions

Points designated for each assignment are displayed in the Mandatory events and Assignments information page.

Sl. No	Assignment	Date	Attendance Points	Course Weight % (Out of 15%)	Professionalism Points (out of 100)
1.	*Introduction to IS-EGR Course (Pai)- attend event and complete canvas Quiz	Attend event -1/5/26, 8-9 am. Quiz: 1/5/26, 8:00 am-1/8/26, 11:59 pm	1	0.5%	-
2.	Endocrine Basic Science Canvas Quiz(Wong)	1/5, 9:00 am-1/22, 11:59 pm	-	0.5%	8.33
3.	*Endo-Thyroid/Parathyroid Path Lab(Russell)	1/13/26	1	1%	-
4.	*Endocrine Disorders TBL-(Wong/Mookerjee/Shubrook	1/14/26	1	1%	-
5.	Gastrointestinal Basic Science Canvas Quiz (Wong)	1/20/26, 9:00 am-1/29/26, 11:59 pm	-	0.5%	8.33
6.	GI Biochemistry Canvas quiz (Murakami)	1/20/26, 9:00 am-1/29/26, 11:59 pm	-	0.5%	8.33
7.	Culinary Medicine-1(GI-1 mod)-(Jones)	1/20/26 to 1/26/26	-	0.5%	8.33
8.	*GI Infections TBL (Pai/Hermel	1/27/26	1	1%	-

10.	*Endo-2-DM-Longitudinal cases-Part 1 (SM grp)	2/3/26	1	-	-
11.	*Endo-2-DM Longitudinal cases- Part 2	2/9/26	1	-	-
12.	*Endo-2-DM-Patient Panel Discussion-Shubrook	2/9/26	1	-	-
13.	TrueLearn/ COM Bank Endocrine System Assignment (Pai)	Opens on 1/6/26, 9:00 am and is due on: 2/11/26, 11:59 pm(PT)	-	1%	8.33

- Out of the 27, total mandatory assignment events=15
- 20 assignments contribute to 15% Course grade
- 12 contribute to 100 Professionalism points

MANDATORY EVENTS

- **Total attendance points (21). Attendance points required to PASS the course (17).**
 - You are required to **fill the Absence Notification Form for any absence** from these events.
 - Non submission of ANF(per event not attended)= deduction of 1 Professionalism Point.
-

Table 2: List of Mandatory Attendance Events in the course

Sl. No.	*Mandatory Events (2026)	Attendance point(s)
1	*IS-EGR - LHA - Intro to GERD - Pai	1
2	Endo-Thyroid/Parathyroid Path Lab	1
3	*Endocrine Disorders TBL- Wong/Mookerjee/Shubbrook	1
4	*Endocrine Module-1 Exam-Pai	1
5	*GI Infections TBL- Pai/ Hermel	1
6	*GI Module 1 Exam- Pai	1
7	*Endo-2-DM-Introduction to DM week-(DM team)	1
8	*Endo-2-DM-Longitudinal cases-Part 1(sm grp)	1
9	* Endo-2-DM-Longitudinal cases-Part 2-(DM Team)	1
10	*Endo2-DM-Patient Panel Discussion-Shubbrook	1
11	*Endo-2-Diabetes Exam	1
12	*GI-2-CPC- Upper and Lower GI Bleeding- Mahmoud	1
13	*GI-2-CPC-Liver/GB/Pancreas- Mahmoud	1
14	*GI Module 2 Exam-Pai	1
15	*Repro-1 Applied Microbiology Cases TBL-Pai	1
16	*Repro-1 Disorders and Management TBL-Wong/ Mookerjee	1
17	*Repro Module-1 Exam-Pai	1
18	*Repro-2-Breast Path Lab -Russell	1
19	*Repro-2-Culinary Medicine Lab- Jones	1
20	*Repro-2 CPC- Reproductive Pathology-Mahmoud	1
21	**Repro Module 2 Exam-Pai	1
	Total	21
	Attendance points necessary to Pass	17

- Fill out the Absence Notification form in case not able to attend a mandatory event.
- Email Dr. Wagner and Dr. Pai immediately if unable to attend exam. Make up exams will be conducted for students with Excused Absences.
- No make up available for assignments

Students who **miss more than four (greater than 21%) mandatory events** will automatically fail the course and will be considered ineligible for remediation.

Missing **two** mandatory events will require a meeting with the Course Coordinator. Missing **three** mandatory events will require a meeting with the Associate Dean of Academic Affairs.

HOW WILL ATTENDANCE/ COMPLETION BE RECORDED?

- PollEverwhere
 - QR code- scan using phone- Fill out Qualtrics question.
 - Sign-in sheets
 - Zoom attendance record(for Zoom events)-important to log in with Touro credentials
 - Assessment records- Canvas, InteDash, ExamSoft, Courseware
 - **Students are responsible for attending the entire mandatory session and for recording their attendance as applicable.**
-

PASS CRITERIA

- Obtain a minimum grade of exactly 70% (without rounding) derived as a weighted average of scores on all the Module Exams and Assignments shown in Table 5 of syllabus.
- Achieve a minimum of exactly 70% (without rounding) weighted average score calculated from the six module exams (see Table 5).
- Achieve a score of at least 65% (without rounding) on four or more of the six module exams. (Scores below 65% are allowed on only up to two exams.)
- Achieve a pass in Medical Knowledge
- Achieve a pass in Patient Care
- Achieve a pass in Professionalism
- Attend at least 79% of all mandatory learning events. For the IS-EGR course this translates to at least **17 of the 21 mandatory events** listed in Table 2.

Criteria to Pass Course(from the IS-EGR syllabus)
Overall course grade= Must PASS based on: a. $\geq 70\%$ Course Grade b. Pass MK, PC and Prof competencies c. Weighted average student score of $\geq 70\%$ in the six module exams d. Achieve 65% or more on at least four of the six module exams e. Attend 79% (17 out of the 21) mandatory events described in Table 2
Medical Knowledge grade • MK total score 70% (without rounding) • MK-Subject thread score $\geq 65\%$ in the six module exams on items categorized as MK-threads: Physiology, Pathology, Microbiology, Pharmacology.
Patient Care grade: $\geq 70\%$ total score in the six module exams based on exam items categorized as PC
Professionalism grade: Obtain 70 professionalism points in each of the 'Exams' and 'Assignments' sub-categories.

REMEDIATION

- Remediation will occur ONLY during the remediation period (within two weeks of the last semester exam).
 - The remediation may involve an examination, written or oral assignments or a combination of these types of assessments deemed appropriate by the course coordinator to demonstrate the student has attained the learning outcomes necessary to demonstrate competencies.
-

Remediations will be offered in the course subcategories that are at or below 30% of the course value.

1. **Medical Knowledge thread remediation** will be offered to students who have earned a 'No Pass'(NP) as of the last day of class in the following criteria:

a) Students who score less than exactly 65% (without rounding) in **not more than two of the four subject threads(Physiology, Microbiology, Pathology and Pharmacology)**

OR

b) **not more than one MK subject thread and Patient Care competency.**

(**Thread grades will be updated after every module exam but final thread grades will be available only after all exams are scored.)**

2. **Patient Care component remediation** will be offered to students who have earned a 'No Pass' (NP) as of the last day of class in the following criteria:

a) They have earned an NP in **only the Patient Care** component of the course.

b) They have earned an NP in **Patient Care and only one MK thread.**

3. **Professionalism remediation**

•Professionalism competency remediation will be offered to students that get a '**No Pass**' in the **Professionalism** competency **pending consultation with the TUCOM Academic Integrity, Conduct and Professionalism Committee.** Serious professional violations (as defined in the student handbook) will require referral to the TUCOM Academic Integrity, Conduct and Professionalism Committee.

Note: successful remediation will result in a grade of 70.00%-Pass. (< 70%-No Pass-failed remediation)
