5

AS ALWAYS...

- Office Hours by appointment but encouraged with all faculty members
- Keep on top of your grades and ask our administrative assistants if you have any questions about what you see
- Try to keep up with the course so you don't get stuck cramming

6

NOT REMEDIATABLE 79% attendance rule - 23 mandatory events, 19 r

- Only Direct Study Lectures
- Attendance policy for this semester is the same as last semester!
- Remediation is available for Patient Care, Medical Knowledge, ICS, Professionalism and the Comprehensive Practical Exam
- Only three Practical Exams
- Syllabus has all the changes, use it...

7

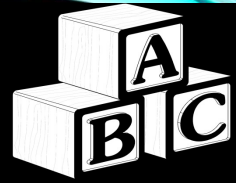

almost everything is remediable
combined block 3 practical and comprehensive

WE STRIVE TO
MAKE THIS A
SAFE SPACE

We value perspectives of individuals all backgrounds of our students including race, gender expression, gender identity, sexual orientation, country of origin, physical and learning abilities, and religious affiliations. We strive to make the OPP curriculum and the OPP Lab an inclusive safe space for all students. We reject bigotry, racism, violence, discrimination, or intimidation of any kind. If you see ways in which we can improve, please let us know.

8

THE BUILDING BLOCKS

- OPP 1
 - Introduction, principles
- OPP 2
 - Development of palpatory skills, soft tissue/ME/Mitchell Model/Counterstrain/HVLA
- OPP 3
 - BLT/MFR, Introductions to OCMM, and treatment of extremities
 - Clinical correlations and applications – TMD, LBP, Crossed Syndromes,
- OPP 4
 - Visceral OMT, more extremities
 - Case based learning- "osteopathic approach to"
- Clinical application while on rotations
- Callbacks/COARs/eConferences
- 4th year
 - 2-week ONMM rotation

9

COARs are module format
osteopathic approach to HA, pregnancy, etc.

SOME REMINDERS

- New space!!!!
- Twin size fitted and flat sheet
 - Bring to each lab
 - Draping and table protection
- OMM Tables
- Quarantine and PPE rules are different

10

GROUPS OF THREE

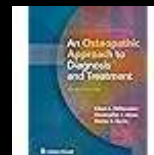

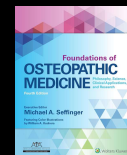

- A reminder that at times you may need to work in a group of three within your pod
- Be professional
 - If treating bilaterally (e.g. extremities), one person can be patient and two treat
 - Rotate who is in which role
 - Make sure everyone gets a turn
 - Have one person scribe if not actively patient/doctor

11

USE YOUR RESOURCES

- Books in the library
- Order what you need
- Go through our videos and the OMM Manual
- Make use of the models in the lab
- Get a TLC appointment!

12

THE SYLLABUS

- Contains all the information you need
- If you email me- I may tell you to reference the syllabus
- Contains
 - Course Learning Outcomes
 - Book lists
 - OMM sessions expectations
 - Absences
 - Dress code
 - Switching lab times
 - Exemptions
 - Assessment and grading -for each subdiscipline
 - Late/Make-up examinations
 - Grading Grid
- **Syllabus Quiz Due Jan 12 8am**

13

FIVE COMPETENCIES IN OPP:

Subdiscipline	Material	Delivery	Assessment
Medical Knowledge (MK)	OPP theory Osteopathic principles Applied anatomy Kinesiology Biomechanics Physiology	Direct Study Lectures Reading Assignments Small Groups Assessments	Written exams Additional Course Assessments
Patient Care (PC)	Psychomotor skills used for medical diagnosis and treatment	Direct Study Lectures, OPP manual readings, discussions, and guided practice	Written exams Directed Study Quizzes
Professionalism (P)	Attendance Participation Appropriate dress Interpersonal interactions	Direct Study Lectures, Interactions with faculty	Attendance Professional interactions with faculty, staff, and colleagues
Interpersonal and Communication Skills (ICS)	Interactions with colleagues Communication with faculty and classmates	Zoom and Live lectures, virtual lab sessions	Practical Examinations
Osteopathic Principles and Practices (OPP)	Osteopathic Manipulative Techniques Application of Osteopathic theory and principles	OPP Labs	Practical Examinations

14

GRADING GRID

- **Medical Knowledge skills**
 - 3 theory block exams
 - Quizzes
- **Patient Care**
 - 3 theory block exams
 - Quizzes
- **Professionalism**
 - Attendance
 - Participation
- **Interpersonal Communication**
 - During exams
- **Osteopathic Principles and Practices**
 - 3 Practical Exams!!!!
- **You must pass ALL subdisciplines to pass the course**

	Medical Knowledge (MK)		Patient Care (PC)		OPP		Professionalism (P)		Interpersonal Communication Skills (ICS)		TOTAL
	% Course Grade	% Competency Grade	% Course Grade	% Competency Grade	% Course Grade	% Competency Grade	% Course Grade	% Competency Grade	% Course Grade	% Competency Grade	% Course Grade
Block 1 Theory	7.5	30	7.5	30							15
Block 2 Theory	7.5	30	7.5	30							15
Block 3 Theory	7.5	30	7.5	30							15
Directed Study Quizzes	2.5	10	2.5	10							5
Block 1 Practical					16.6	33.2					16.6
Block 2 Practical					16.6	33.2					16.6
Comprehensive Practical					16.8	33.6					16.8
Attendance							Pass	Pass			Pass*
Participation/Preparedness							Pass	Pass			Pass*
Practical Exams									Pass	Pass	Pass
Contribution to Total Course Grade	25%		25%		50%						100%**
Competency Grade		100%		100%		100%					

15

can't remediate OPP and practicals

WHAT CAN BE REMEDIATED

- Medical Knowledge – with similar cumulative exam
- Patient Care – with similar cumulative exam
- Interpersonal communication – with assignment
- Professionalism – with assignment
- Comprehensive Practical Exam – with retake of exam

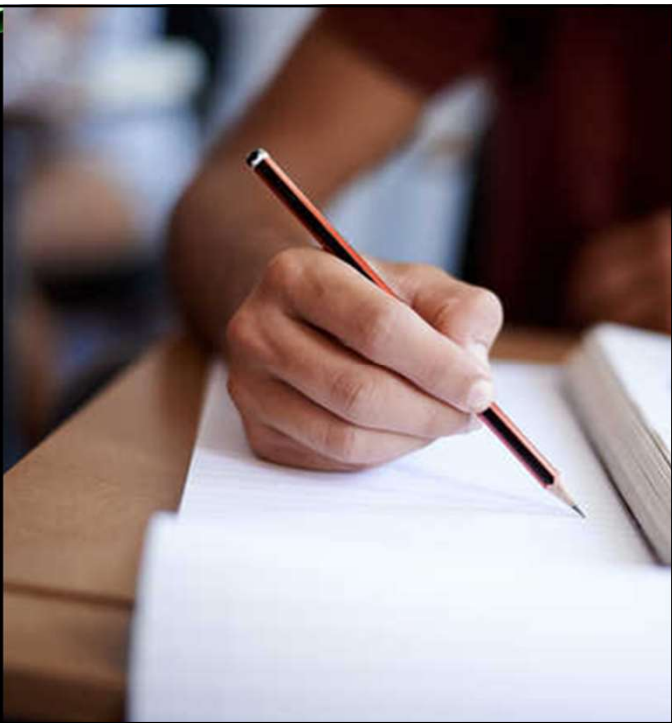

16

deal with all blocks at the same time

MEDICAL KNOWLEDGE SKILLS

- **3 Written Skill Examinations**
 - Always cumulative
 - Focus on board content
- **Direct Study Quizzes**
- **Bonus Points**
 - Opportunity for one point each block exam
- **MUST PASS THIS SUBDISCIPLINE TO PASS THE COURSE**
- Can be **REMEDIATED**

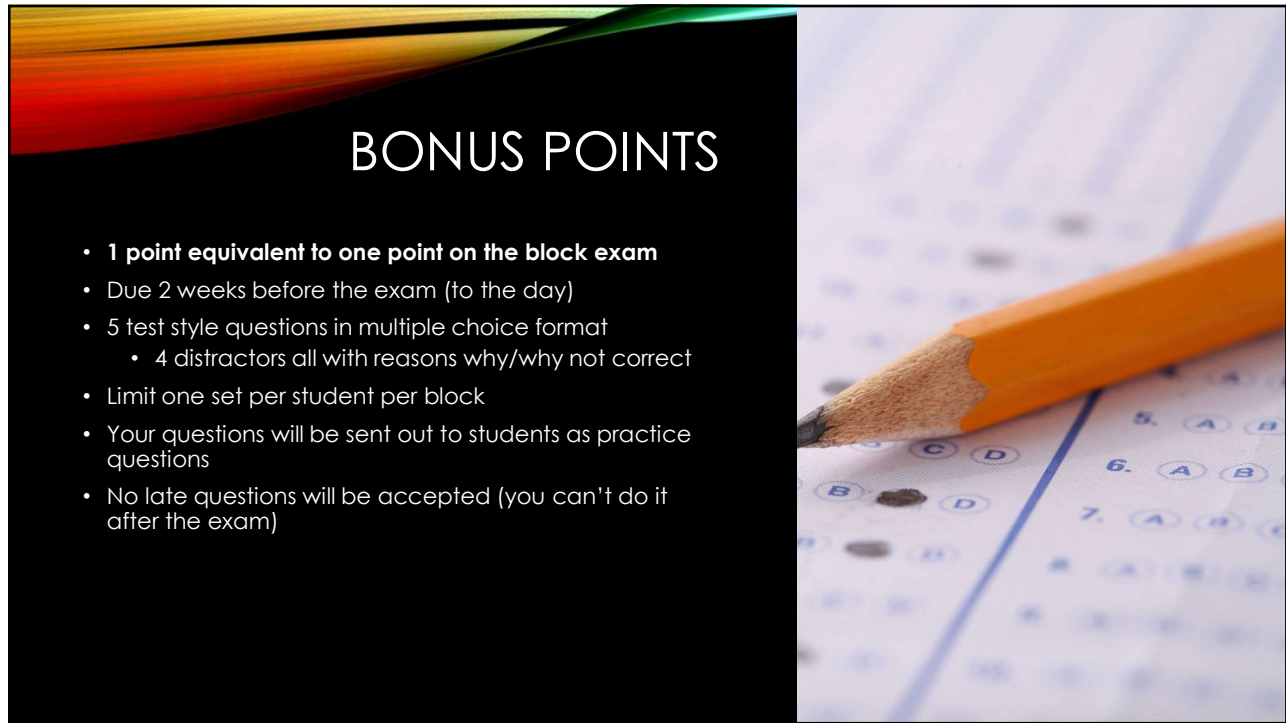

17

PATIENT CARE

- **3 Written Skill Examinations**
 - ~60% of each theory exam
 - Always cumulative
 - Focus on board content
- **Direct Study Quizzes**
- **Bonus Point will help with this!**
- **MUST PASS THIS SUBDISCIPLINE TO PASS THE COURSE**
- Can be **REMEDIATED**

18

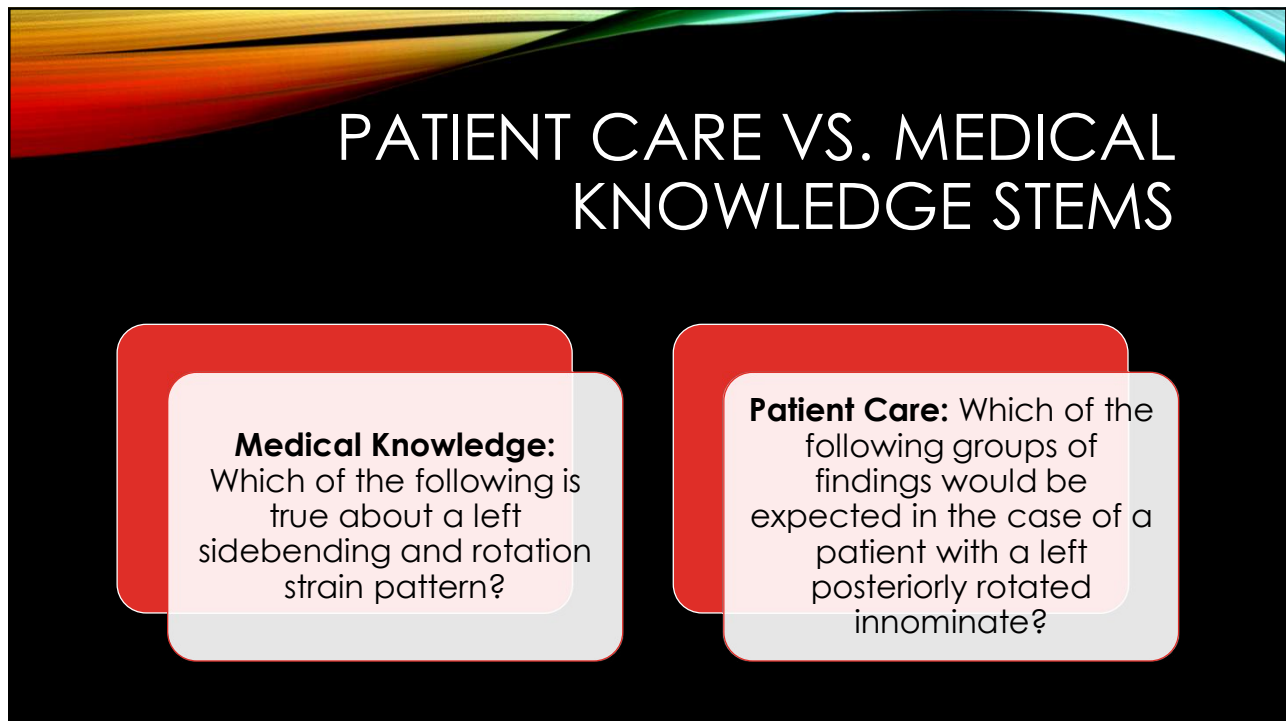

BONUS POINTS

- **1 point equivalent to one point on the block exam**
- Due 2 weeks before the exam (to the day)
- 5 test style questions in multiple choice format
 - 4 distractors all with reasons why/why not correct
- Limit one set per student per block
- Your questions will be sent out to students as practice questions
- No late questions will be accepted (you can't do it after the exam)

19

applied to PC but if something wrong with MK will move bonus points there

PATIENT CARE VS. MEDICAL KNOWLEDGE STEMS

Medical Knowledge:
Which of the following is true about a left sidebending and rotation strain pattern?

Patient Care: Which of the following groups of findings would be expected in the case of a patient with a left posteriorly rotated innominate?

20

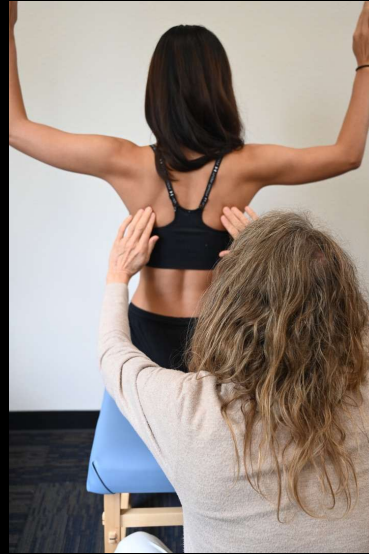

first order

second/third order - more board relevant

separating to figure out where people are struggling in their studies

OSTEOPATHIC PRINCIPLES AND PRACTICES

- OPP Practical Exams
 - 3 This semester
 - Block 1 Practical
 - Block 2 Practical
 - Comprehensive exam
 - **MUST PASS THIS SUBDISCIPLINE TO PASS THE COURSE**
 - Can **NOT** be **REMEDIED** (but Comprehensive Practical **CAN** BE)

21

PROFESSIONALISM

- Required session attendance & behavior
- **Assessed at every required session (starred on pre-clinical calendar and listed in syllabus), labs, theory and practical exam**
 - Attendance for all labs is expected
 - **There will be no required make-ups this semester and all participation/professionalism points will be lost for an absence!**
 - Wear proper attire
 - Have appropriate equipment
 - Be engaged in learning
 - Give and receive feedback
 - Interact in a professional, courteous and respectful manner

22

TARDIES AND ATTENDANCE

- **MUST ATTEND >79% of REQUIRED SESSIONS TO PASS THE COURSE**
- Unexcused Tardy to lab
 - At 5 minutes lose one point, at 15 minutes lose 2 points
 - 20 minutes late = absent
 - 2 absences in a semester will be notified and may need to meet with CC
 - 3 absences in a semester will meet with Academic Affairs
 - Professionalism concerns will always be reported

23

notification will not happen right away

EXAM ATTENDANCE POLICY

Theory Exams

- <20 minutes late, lose professionalism points only, take exam
- >20 minutes late or absent with EXCUSE, take exam at later time
- >20 minutes late with NO EXCUSE, take exam at later time and lose 20% of professionalism grade

Practical Exams

- <15 minutes prior to exam start, lose professionalism points only, take exam
- After exam start with EXCUSE, take exam at later time
- After exam start with NO EXCUSE, take exam at later time and lose 20% of professionalism grade

24

SESSIONS WITH ASSOCIATED POINTS

- Required sessions:
 - Introduction to OPP4
 - All labs
 - 3 theory exams
 - 3 practical exams
- **Must attend 79% of these events to pass the course (and get 70% in the professionalism subdiscipline when accounting for any tardy, missed events)**
- **Each is worth 2 points toward subdiscipline**

25

NOTE ABOUT LAB POINTS:

- Attendance taken by pod leader
- There will be participation and professionalism points taken off for violation of dress code, professionalism
- Lack of participation and preparation can also be subject to loss of points
- You are welcome to discuss with my, your friendly neighborhood course coordinator, before they become grade issues

26

nail length is still a common issue - can paint them but keep them short (don't want to see nails from the other side)

CLASSROOM AND LAB ETIQUETTE

1. Arrive timely: If you arrive after the start of a session, enter quietly and cause as little disruption to the speaker and your classmates. If approaching your seat would cause overall class disruption, please wait for a pause to take your seat.
2. Electronic Devices on silent/turned off/on airplane mode: Noises from electronic can be disruptive and disrespectful to your peers and faculty.
3. Personal Calls: If you need to leave the room for an urgent/emergent personal call, please exit as quietly as possible.
4. Avoid background/personal conversations: If you need to have a personal conversation, step out of the room respectfully.
5. Food and Drink during class: Water is always permitted. Lunch and learn sessions always allow food and drink in the lecture space. OMM lab request no food and drink, other than water, during active lab sessions.
6. Respectful Speech and Behavior is always expected in every learning activity. No disrespectful or hate speech will be tolerated. PROFESSIONALISM is expected at all times.

27

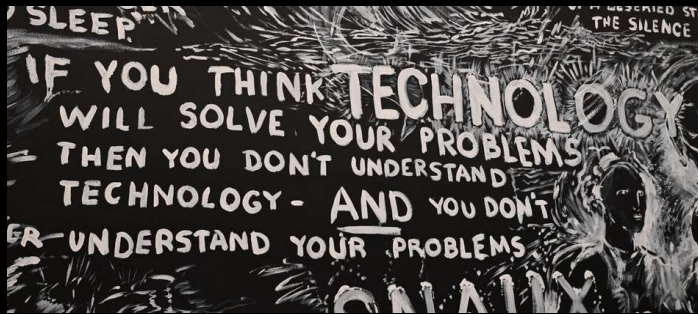

INTERPERSONAL COMMUNICATION SKILLS

- **Assessed at every OPP practical exam**
- Have the ability to:
 - Speak to your attending using **medical vernacular**
 - Speak to your patient using **lay terms**
 - Ask for **consent** before palpation or examination
 - **Explain** what you are doing and why you are doing it

28

ARTIFICIAL INTELLIGENCE IN THE COURSE

- Instructors have autonomy for individual assignments over the use of AI
- Data privacy is to be respected by using Touro approved AI through the Touro One Portal when this is applicable
- Non-approved AI platforms prohibited on TUS machines

29

TO PASS THE COURSE

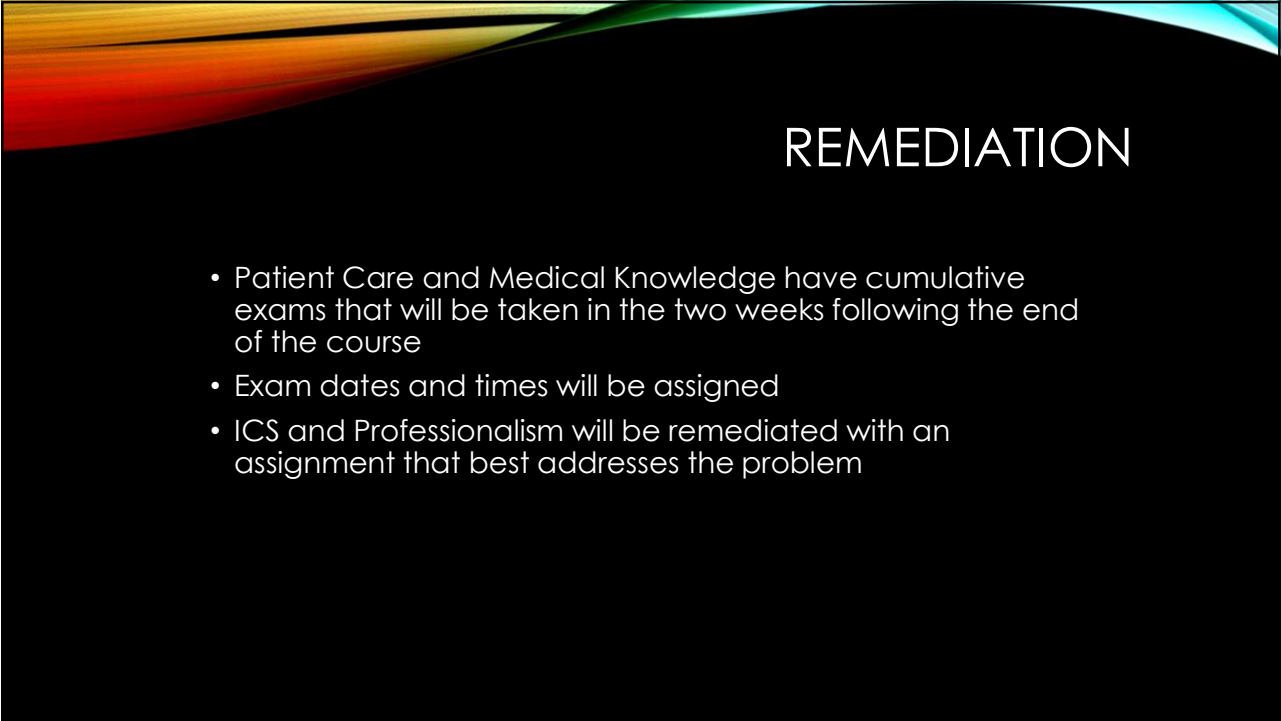

To Achieve a Pass in the OPP4 course you must:

(all scores are without rounding)

- Achieve a 70.0% or higher in your overall OPP3 Course Grade
- Achieve a 70.0% or higher average on items listed on the grading grid in each of the competency categories (PC, OPP, MK, ICS, and Professionalism)
- Achieve a 70.0% or higher on the Comprehensive Practical Exam
- Attend 79% of the required sessions for the course. Total required events = 23.

30

REMEDIATION

- Patient Care and Medical Knowledge have cumulative exams that will be taken in the two weeks following the end of the course
- Exam dates and times will be assigned
- ICS and Professionalism will be remediated with an assignment that best addresses the problem

31

OPP4 CONTENT

32

BLOCK 1

Upper and Lower Extremities

- Lectures/Direct Study (DS):
 - Integrated Exam of UE and Overuse Conditions
 - Integrated Exam of LE and Hip Considerations
 - Overuse Considerations of the Knee and Ankle
 - UE/LE Counterstrain
 - Osteopathic Approach to Podiatry
- Labs
 - UE Indirect
 - UE Direct
 - LE Indirect
 - LE Direct
 - UE/LE Counterstrain
 - Block 1 Practical Review Lab

33

BLOCK 2

Clinical OMT and Case Based Learning

- Lecture/DS:
 - Osteopathic Approach to the Hospitalized Patient
 - GI COAR
 - Visceral OMT
 - Osteopathic Approach to the Cardiorespiratory Patient
 - Osteopathic Approach to OBGYN
 - GU COAR
- Labs:
 - Hospitalized/Surgical Patient Lab
 - GI COAR
 - Visceral OMT
 - Osteopathic Approach to the OBGYN
 - GU COAR

University of North Texas Health Science Center at Fort Worth

34

BLOCK 3

Clinical OMT and Board Review

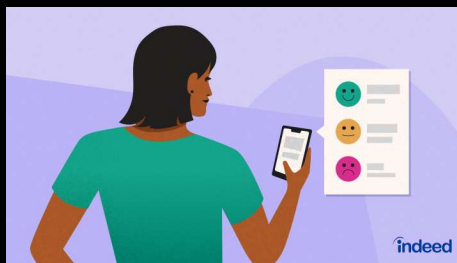

- Lecture/DS:
 - Osteopathic Approach to LBP
 - Osteopathic Approach to Peds
 - Clinical OMT
 - Board Review
- Labs:
 - Osteopathic Approach to Peds
 - Osteopathic Approach to LBP
 - Seated Techniques
 - Osteopathic Approach to HA/OCMM Review
 - Practical Review Lab

35

60 question theory exam - mostly board review questions
no block 3 practical alone but will do 3 tx in the comprehensive and 1 has to be from block 3

FEEDBACK

• Formative

- Quizzes
- Live Q&A
- Talk with faculty
- After practical and didactic exams

• Summative

- Practical Exams
- Theory Exams

36

-  20 minutes to diagnose your partner
-  Faculty will quickly review/scan your diagnoses
-  You will be asked to perform 3 treatments
-  Your faculty will pick the technique from any technique you have previously learned
-  Graded on
 - Correct diagnoses
 - Correct treatments
 - Professionalism
 - Communication

37

WAYS TO GET MORE OMM IN YOUR LIFE

SAAO Lunch Time Clinic

Student Run Free Clinic

Touro OMM Facebook Page (@TUCCOMOMM)

3rd year elective

4th year rotation

TLC

Berkeley Suitcase Clinic

38

TEACHING AND LEARNING CENTER

- Staffed by OMM Fellows and Touro students from all levels
 - Can be an option for ECE
- Students and Fellows are able to practice under supervision:
 - History taking
 - Physical exam skills
 - Osteopathic Structural Exam
 - Developing a differential diagnosis
 - Designing a plan incorporating OMM
- Schedule online here: <https://ommdepartment.timetap.com/>

39

BERKELEY SUITCASE CLINIC

- Some Tuesday Evenings 6-9 in Berkeley
- Bring OMT to the unhoused population
- Work in pairs with your friends and classmates
- Practice for the Comprehensive Exam
- Help Dr. Sloane out

40

Connect with your OMM
Fellows!

41

RELAX, YOU
GOT THIS!
